

## VILLA ON HIS WAY TO MEXICO CITY AS CARRANZA HIDES

Bandit Without an Escort,  
Says Report to the U. S.  
State Department.

WASHINGTON, May 18.—Gen. Carranza, who fled before the de facto Government's troops into the mountains west of Jalapa, had succeeded in moving southward into the State of Puebla on May 15, according to the Mexico City newspapers published yesterday, says a summary forwarded to the State Department.

The summary contained indication of increasing co-ordination of the various factions and of growing confidence of the leaders. Villa, it was reported, would soon arrive at the capital without escort. Gen. Obregon has left the capital for Queretaro, Tampico, and San Luis Potosi, planning to return in time for the special session of Congress May 24 when a provisional President will be selected. Accounts of the routing of Carranza on his attempt to reach Vera Cruz published in Mexico City asserted that the gold and silver bullion recovered from his trains was valued at several million dollars.

More than 100 officers and civil employees who fled with Carranza were taken to the capital under armed guard and immediately released by the revolutionary leaders. Government archives taken by Carranza, including the Treasury records, were burned by his escort when they were forced to abandon their trains. A State Department report said both Yucatan and Campeche had gone over to the new regime. The Carranza governor and military commander took refuge on the Lake Texcoco, an American steamer in the harbor of Progreso.

### REDS CLAIM VICTORY.

LONDON, May 18.—Successful against the Poles in the fighting on the northern part of the front are reported by the Russian Soviet Government in an official message from Moscow, dated Monday. The Poles were forced back over the Beresina at one point, it is claimed. Fighting is still in progress in the Kiev region, with the battle line drawn some fourteen miles to the east of the city.

## POSTAL PAY BOOST URGED BY HYLAN

Joins Movement for Maintenance  
and Protection of Mail Service  
by Increasing Wages.

Mayor Hylan, in a letter to-day to the business men of the city joined the movement for the maintenance and protection of the postal service by increasing the salaries of postal employees sufficiently to keep them from seeking other work. The Mayor said in part: "New York City needs adequate postal facilities for 6,000,000 people. Also this city is the clearing house for mail from abroad, and business, wherever located,

"If the business people of this city will assert themselves, New York would not only have the present condition remedied but also obtain necessary betterments of the postal service. It behooves all the business interests of this city to urge Congress to take prompt action on this matter."

## Are Your Feet Fashion Victims?

HAVE you crowded them into pointed-toed shoes, until they are so distorted that they can't support the body comfortably, and are crippled with corns, bunions, callouses, weak arches, ingrowing nails.

Then put your feet into shoes with ample toe room—Educator Shoes, that "let the feet grow as they should." Educators will permit Nature to restore shapeliness and comfort.

Buy Educators for all the family. For your protection remember, when buying, that unless the shoe is branded EDUCATOR on the sole, it is not an Educator.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold. Don't you get this famous mixture recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair. Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.—Advt.

To Have Wavy Hair Like Nature's Own

Here's a brand new recipe of unquestioned merit, that you should make note of, unless you are one of the few possessors of naturally wavy hair. It's very simple, for all you have to do is to apply a little liquid stimulant before drying up the hair—with a clean tooth brush—and in three hours you will find this has dried in the sweetest curls and waves imaginable. They will be just like "Nature's own," having no resemblance to the effect produced by a hot iron, which is an obviously artificial. The application is really beneficial to the hair and gives it that lustrous so much desired. As it is so easy to obtain a few ounces of the liquid stimulant from your druggist—sufficient to keep the hair curly for many weeks—there's no reason now for putting up with either the straight, contrary, or with the curling iron substance.—Advt.
